This week our review is on

Little Squeaky Shoes.

Firstly, the packaging of these cute little shoes was just as exciting as the shoes themselves. The shoes we received were a girl's pair of 'Purple Posies' and they are just adorable. Designed with all little girls in mind, they are lilac in colour and feature soft pink, white and hot pink flowers on the front. There is also a hot pink flower on the Velcro strap.

The quality of these shoes is fantastic and you just know they will last the distance on little feet. We had no complaints about these shoes from our little reviewer and since they are made from 100% genuine soft leather we didn't expect any! (In fact, they are now her favourite shoes and does not want to take them off!)

The squeaky soles of the shoes are not only fun for the child but can assist in helping your child learn to walk. The shoes squeakers can be removed if the need arises. The soles of the shoes are flexible, allowing your child's feet to develop as naturally as possible and the soft leather allows breathing of the feet preventing bacterial problems associated with synthetic uppers. Best of all, the shoes designed by **Little Squeaky Shoes** are legitimately approved by podiatrists.

With a beautifully designed website that you can easily navigate around and a secure online shop there's no excuse not to visit Little Squeaky Shoes! Prices are very reasonable and the quality of the shoes is simply outstanding. Gift certificates are available and if you fancy stocking these gorgeous shoes in your store then please contact them at info@littlesqueakyshoes.com.au

The 'Purple Posies' by Little Squeaky Shoes were an absolute favourite with both mother and daughter.
